

THE ALBION 360 COLLECTION

*Colour Ranges for the 36cm (14 inch),
50cm (20 inch), 65cm (26 inch) and
80cm (31.5 inch) diameter globes*

The Albion Desk Globe is made for a desk or table. This globe features an innovative roller bearing mechanism permitting a 360 degree rotation in all directions.

This style of globe is available in 22cm (9 inch), 36cm (14 inch), 50cm (20 inch), 65cm (26 inch), 80cm (31.5 inch) and 127cm (50 inch) diameter.

The map on your globe will always be up to date to the time of making and each and every globe is made bespoke to order. We offer a celestial version as well which features traditional representations of our heavenly bodies illustrated in exquisite detail. 88 hand drawn and hand painted constellations adorn our unique globe forming the perfect complement, and customary partner, to its terrestrial brother.

We offer a wide range of colours which are hand painted, or we can work with you on bespoke colouring. Each globe is then paired with a hand turned and hand finished wood base. We offer a range of woods and finishes as well as an option in solid Aluminium.

The Albion Desk Globes have a matte finish with a resin seal which enables to safely touch and spin your globe on the semi-hidden bearings within the base.

Your globe can be personalised in many ways, please see the final pages of this document for inspiration and a further explanation. We will work with you to design your own one of a kind globe.

(Solid Brushed Aluminium)

Base Engraving

60 characters standard with all 36cm and 50cm *Albion Desk Globes*

Included with your commission is an engraving. The base holds up to around 60 characters on a circular disc in the base. You see it when you lift the globe from its base and it's perfect for names, dates or a short quote.

The wording will be centred on the disc and spaced to fit - please provide your engraving exactly as you'd like it - with or without quotation marks - including the punctuation as you'd like it.

Current Political Information

Current political information corresponding to the time your globe was made is optional on each globe.

Lists of the following are included:

World Leaders / Heads of State (Shown here)

Current EU Members

United Nations Security Council Members

Most Practiced Religions (Shown here)

Most Used Languages (Shown here)

Continent Area and Population

Most Populous Cities

Please request for this information to be included or taken off. You can also request to replace the lists with wording of your own; a poem, quote or your favourite world facts.

Personalisation

Cartography Edits

20 cartography edits are included in the commission of an Albion 360 Globe.

Cartography edits can include anything from adding a special town or place that might not otherwise be on the map to highlighting special places in a colour so they stand out.

Personalisation

Illustrations

We offer bespoke illustrations which are hand-drawn and painted. Along with travel routes and handwritten calligraphy, this will be quoted on top of the price of the globe.

The decision to add further detail to your commission can be made after you place your order, and we provide mock-ups for approval on placement, sizing and style before your globe is made.

36cm and 23cm globes, both in Prussian Blue
